Hamilton, MT 59840  
(406) 363-3131

File Code: 1950

Date: April 13, 2007

Dear Interested Party:

Every three months each National Forest, including the Bitterroot, updates a public report referred to as the *Schedule of Proposed Actions*. This schedule is our primary means to inform you about the proposed projects expected to be analyzed pursuant to the National Environmental Policy Act (NEPA) during the next three months. Your responses to this schedule are our primary means for developing project specific mailing and contact lists. Please contact the individual listed with each specific project if you wish to be more involved in that project.

The schedule for each Forest is available on the internet at <http://www.fs.fed.us/sopa>. A map showing the general location of these proposed projects on the Bitterroot National Forest is posted at <http://www.fs.fed.us/r1/bitterroot/projects/>. The schedule is updated each January 1st, April 1st, July 1st, and October 1st, and the map is updated about two weeks later.

In the interest of reducing costs, we will no longer be printing and mailing paper copies of the schedule except for those who feel they need this service. We understand that not everyone has internet access at home or work, and that the free access provided by most public libraries isn't available or convenient for everyone. **If you wish to continue receiving paper copies every three months through the mail, please check the box below.** Then return this self addressed form by folding the page into thirds so the mailing address on the other side of this page is on the outside, tape it shut, **add postage and your return name and address**, and drop it in the mail.

- ☐ **Please continue mailing me the *Schedule of Proposed Actions* for the Bitterroot National Forest. I do not have convenient access to the internet. Mail it to the name and address I show on the other side of this page.**

**If you do not reply**, we will assume that you will use the internet as your primary means of identifying specific projects that interest or may affect you.

I welcome your involvement in the development and review of these activities. If you have questions about this letter, or the *Schedule of Proposed Actions*, please contact Pete Zimmerman at this office. Thank you for your interest in the management of the Bitterroot National Forest.

Sincerely,

DAVID T. BULL  
Forest Supervisor
